All claims for parts or labor must be made directly through Atosa. All claims must include: model number of the unit, the serial number, proof of purchase, date of installation, and all pertinent information supporting the alleged defect. In case of compressor replacement under warranty, either compressor or compressor tag must be returned to Atosa along with above listed information. **Failure to comply with warranty policies will result in voiding claims.** For warranty service, warranty and non-warranty related questions or issues, technical support, or to purchase replacement parts, contact Atosa toll free at (855) 855-0399.

The labor warranty shall include standard straight time labor charges only and reasonable travel time, as determined by Atosa.

Compressors that have been determined to be defective from Atosa within this extended period will be either repaired or replaced with a compressor or compressor parts of similar design and capacity according to Atosa's discretion. The four (4) year extended compressor warranty applies only to sealed parts of the compressor and does not apply to any other parts or components. This includes, the cabinet, paint finish, temperature control, refrigerant, metering device, motor starting equipment, fan assembly, and other electrical components, etc.

2. Drier replacement is very important and must be changed when a system is opened for servicing.
